## North Fork PMU Conservation Assessment

Contractor: Great Basin Ecology, Elko, NV

Place: Great Basin College,  
Health Sciences Bldg., Rm. 108

Date: January 20, 2011

Time: 6:30 pm Reception  
7 pm Presentation

This North Fork Assessment is the second Population Management Unit (PMU) study completed by the NNSG in the Elko County area.

This summary of the habitat assessment will indicate seasonal habitats for Greater Sage-Grouse and the quality of those habitats.

This information is valuable to livestock operators, agency professionals, land planning entities, private consultants, recreation interests, and Elko County citizens.
