

Wild Horse Update

Dean Bolstad giving the presentation

About 30 people gathered on May 12 at the Elko Convention Center. The evening began with a meet, greet and treats. Dean Bolstad of the Wild Horse and Burro Program's national office then gave a presentation on the Wild Horse and Burro Program, both history, current status and future happenings.

The audience then asked questions of Dean Bolstad and Alan Shepherd, Wild Horse Specialist for the Nevada BLM state office, Ken Miller, BLM Elko District Manager and Bryan Fuell, BLM Wells Field Manager. The questions centered mainly on eco-sanctuary proposals and water rights.
