### KEYNOTE SPEAKER

Dr. Anthony (Tony) Hodge is President of Anthony Hodge Consultants, Inc. British Columbia. He has been a popular and much-requested Speaker for Sustainable Development Workshops and Conferences in Northern Nevada the past several years. Dr. Hodge was awarded his Ph.D. (interdisciplinary) in 1995 from McGill University. His dissertation is reporting on progress toward sustainability — the first in the world on this topic. Tony holds a number of prestigious positions including Chairman of the annual conferences of the Mining Economics and Management Society (MEMS) and Mining/Mineral Team Leader with the International Institute for Sustainable Development (Winnipeg).
